

## 5<sup>th</sup> ESRC Research Methods Festival, 2-5 July 2012, St Catherine's College Oxford

### Programme structure & topic and convenor allocation

Monday 2 July

<b>15.30 - 17.00 Sessions</b>							
<i>Researching the Third Sector</i>  John Mohan	<i>Feminism Counts: Critical Methodologies for Gender Research</i>  Christina Hughes	<i>Mixed Methods in Lifecourse and Longitudinal Research</i>  Tom Schuller	<i>Nudging and norms</i>  Peter John	<i>Complexity Science Meets Social Science</i>  Alison Cooper	<i>The Digital Social Research Programme: Showcasing Advances in e-Social Science</i>  Megan Meredith-Lobay	<i>Gathering Bio Measures</i>  Sam Clemens Lucinda Platt	<i>What is narrative interviewing? What is analytic induction?</i>  Graham Crow
<b>17.00 - 18.00</b>							
NCRM Annual lecture by Sir John Beddington  <i>The challenges of the 21st century: the ineluctable need for multidisciplinary</i>  Chair: Patrick Sturgis					<i>The Digital Social Research Programme: Showcasing Advances in e-Social Science cont.</i>  Megan Meredith-Lobay	<i>Examining the Evidence on Researcher Development: CROS/PIRLS</i>  Sean Moley	<i>Working with Other People's Data</i>  Louise Corti
<b>18.00 - 19.00</b> Welcome reception with Paul Boyle, ESRC + award Jon Rasbash Memorial Prize							
<b>19.00 - 20.30</b> Supper							
<b>20.30 Social events</b>							
Film		Walk (start 20.15)			Interactive/creative event: <i>Metaphorical Models</i> David Gauntlett		

## Tuesday 3 July

09.15 - 12.45 Sessions (10.45 - 11.15 Tea & coffee)								
<i>Multilevel Modelling I: Methods and Software</i> Fiona Steele	<i>Multimodal Methodologies Part I</i> Carey Jewitt	<i>New Methods for Data Collection: Geo-visualization and Mass Communication</i> Mark Birkin	<i>Challenging the Quantitative-Qualitative Divide: Exploring Causal Analysis</i> Martyn Hammersley	<i>Survey Data Quality</i> Chris Skinner	<i>Critical Reading Workshop</i> Mike Wallace Alison Wray	<i>Voice in Research</i> Mel Nind	<i>After the Census</i> Dave Martin	<i>What are qualitative research ethics? What is discourse analysis? What is social network analysis? What is online research?</i> Graham Crow
12.45 - 13.30 Lunch								
14.15 - 15.30								
International Journal of Social Research Methodology lecture by Professor Andrew Abbott  <i>The vicissitudes of methods</i>  Chair: Graham Crow						<i>Mediation Analysis</i>  Changiz Mohiyeddini	<i>Developing Effective Research Proposals</i>  David Shemmings	<i>Using Cohort Studies</i>  Dick Wiggins
15.30 - 16.00 Tea & coffee								
16.00 - 17.30 Sessions								
<i>Multilevel Modelling II: Applications</i> Fiona Steele	<i>Multimodal Methodologies Part II</i> Carey Jewitt	<i>New Methods for Spatial Modelling, Simulation and Policy Analysis</i> Mark Birkin	<i>Career building</i> Denise Lievesley	<i>Researching Consumption and Sustainability</i> Ben Anderson / Paul Stoneman	<i>Advanced Applied Psychometrics</i> Tim Croudace	<i>Data Mining and Text Mining</i> Malcolm Williams	<i>Comparative Methods for Cross-National Surveys Using Latent Variable Models</i> Jouni Kuha	<i>What is propensity score matching? What are electronic data collection methods?</i> Graham Crow
18.00 - 19.00 Reception – Launch 'What is' book series								
19.00 - 20.30 Supper								
20.30 Social events								
Film			Walk (start 20.15)			Interactive/creative event <i>Stimulating the Research Imagination: Marxist Magician</i> - Ian Saville		

## Wednesday 4 July

<b>09.15 - 12.45 Sessions (10.45 - 11.15 Tea &amp; coffee)</b>								
<i>Pathways from Social Disadvantage to Health: What can we Learn from Longitudinal Analysis?</i> Emily Grundy	<i>Programme Evaluation Methods, and Inference in Difference-in-Difference Design</i> Mike Brewer	<i>Narrative Analysis Workshop</i> Corrine Squire	<i>Methods in field experiments in economics and political science</i> Sayantan Ghosal	<i>Publishing in Journals</i> Melanie Nind	<i>Teaching research methods</i> Malcolm Williams & Geoff Payne	<i>Linguistic Ethnography: An Indicative Analysis</i> Ben Rampton	<i>Visualisation in Research</i> Les Back	<i>What is multilevel modelling? What is event history analysis? What are cohort studies? What are community studies?</i> Graham Crow
12.45 - 13.30 Lunch								
<b>14.15 - 15.30</b>								
Key lecture by Professor Gillian Rose  <i>Now you see it, now you don't: visual culture and visual methods</i>  Chair: Rosalind Edwards						<i>Publishing Your First Book</i> Katie Metzler	<i>Modelling Paradata (Survey Process Data)</i> Gabrielle Durrant	<i>Expanding Your Methodological Comfort Zone</i> Mike Wallace & Alison Wray
15.30 - 16.00 Tea & coffee								
<b>16.00 - 17.30 Sessions</b>								
<i>Pathways from Disadvantage to Health: Demonstration of Applications</i> Emily Grundy	<i>Using data on social networks in programme evaluation</i> Mike Brewer	<i>Lyrical Methods: Explorations with Andrew Abbott</i> Ann Phoenix	<i>Promoting Partnerships and Research Collaborations</i> Sean Moley	<i>Innovative Methods - New and Changing Forms of Work</i> Pauline Leonard	<i>Extracting Political Information From Legislative Speeches</i> Cheryl Schonhardt-Bailey	<i>In-depth Qualitative Data Analysis - Tracing an Interviewees; Sense of Self Through I-Poems</i> Susie Weller	<i>Focus Groups</i> Jenny Hislop	<i>What is multimodality? What is the regression discontinuity approach?</i> Graham Crow
<b>18.00 - 19.00</b> Reception + poster awards, sponsored by Sage publishers. Poster awards panel: Malcolm Williams (chair), Kaisa Puustinen, Mike Wallace								
19.00 - 20.30 Supper								
<b>20.30 Social events</b>								
Film			Walk (start 20.15)			Interactive/creative event : <i>Café Scientifique</i> – Ann Grand		

## Thursday 5 July

<b>09.15 - 12.45 Sessions (10.45 - 11.15 Tea &amp; coffee)</b>					
<i>Happiness, income and welfare</i> Sayantan Ghosal	<i>Research Ethics</i> Rose Wiles	<i>ReStore Workshop: Building More Sustainable Web Resources</i> Dave Martin	<i>Ethnography and Place</i> Les Back	<i>Systematic Reviews: The Potential of Different Methods</i> James Thomas	<i>What is Mendelian randomisation? What is the difference between association and causation? What is geosimulation? and What is Web 3.0/crowdsourcing?</i> Graham Crow
12.45 - 13.30 Lunch					
<b>14.15 - 15.30</b>					
Key lecture by Professor Laura Stoker  <i>Choosing and combining units: common problems in multilevel and cross-temporal research</i>  Chair: Patrick Sturgis			<i>Methodological Innovation</i> Rose Wiles	<i>Using Understanding Society</i> Heather Laurie	<i>How to Look After and Manage Your Data</i> Louise Corti
					<i>Participatory Research with Diasporic Youth</i> Elisabetta Zontini & Tracey Reynolds
<b>15.30 - 16.00</b> Festival ends – tea & coffee
